Frequently Asked Questions

• What are the requirements for solid waste pick-up, including heavy trash/limbs/appliances? What items are not accepted?

Collection Information

- Allied Waste Services (formerly BFI) collection hours are from 7:00 am to 6:30 pm.
- Trash and recycling bins must be set out by 7:00 am.
- All solid waste shall be placed no farther than six (6) feet from the curb for collection.
- Heavy trash, appliances, and lawn trimmings will be picked up on either collection day. Refrigerators and freezers must have the doors removed before being placed at the curb for collection. This is a safety measure to ensure that children do not get trapped inside. Allied Waste Services has 24 hours to remove appliances with refrigerants.
- Up to 15 cubic yards of brush (15 piles, 3' x 3' x 3') will be picked up each collection day.
- Re-usable residential receptacles must have a capacity of no less than 20 gallons, but no more than 40 gallons, nor weigh more than 60 pounds with trash.
- Recyclables are collected once a week. See the *Neighborhood Service Schedule*, on the trash and recycling page, for your recycling schedule.
