

Colony Meadows

March 2010

Yard of the Month

Congratulations to Joe and Carole Kanusky at 16707 Colony Terrace Drive for having the February lawn of the month.

Please notify Rich D'Amico (281-277-7751 or rdamico1@comcast.net) if you know of a neighbor who deserves this recognition.

Colony Meadows Elementary Auction

On April 9 Colony Meadows Elementary School will hold its annual auction. At this event, the school hopes to raise money to fund great programs for all the kids (eg. a Math and Science Night, visits to the school by Houston Grand Opera with Hansel and Gretel, the Bluebonnet Author Betty Birney and Mother Goose). But that is not all. These funds are also used for, for instance, field trips and purchasing/maintaining equipment for the play ground and gazebo, and enhancing the school inside and out. Many of us and/or our kids make use of the play equipment/hard tops outside school hours.

Perhaps your children have enjoyed these programs in the past or are looking forward to participating in them in the future. In any case we hope you'll support the kids and their school by dropping by on **Saturday March 27 at 3 pm** when they will be selling lemonade and cookies. Signs will be posted to make sure you don't miss them.

For more information or if you have CME kids that would like to help and have not yet been contacted, please contact Sally Roden (281-731-4574 or sally.roden@gmail.com)

Cars Parked on the Street

If you own multiple cars please make sure that you park them on your driveway as much as possible. This makes it safer for traffic passing through the streets.

Also, parked cars need to move every 48 hours. If not, they can be towed by the Sugar Land police.

Landscape Classes for FCCA Residents

Because so many plants were lost due to this winter's freezing weather, FCCA Compliance and Landscape Departments will be presenting "Essentials for FCCA Landscaping" on Saturday, March 13, from 10:00 a.m. until noon in the Aquatic Center Classroom located at 4350 Austin Parkway, Sugar Land.

The class is for FCCA residents only and will include landscape care basics, plants to use in your landscape, FCCA Guideline information, as well as when you need to submit a Modification Request for a landscape change. FCCA landscape professionals will be there to provide information and to answer your questions. There will also be fantastic door prizes to help you make your yard the envy of the neighborhood! For information contact Alice Fish 281-634-9557 or alicef@firstcolony.org)
